'I suppose I'm what the popular newspapers would call a thoroughly modern miss. I'm a great believer in sexual independence as well as freedom of expression. That means that I don't stand for any bullshit from my men, and don't expect them to take any bullshit from me. I'm not going to lead a man on and let him buy me drinks all night, or take me out for a really sumptuous meal and a show, then dump him when he wants to fuck me.

'No, if I see a man who takes my fancy, I don't see why I should have to wait on him approaching me – I pounce like a tigress and let him know how much I want to take him home with me, strip him off and do fabulous things to his cock. That's the thing wrong with most women these days, they feel like that, but don't want to act like it in case they get a "bad name".

'Fuck it, men act like that all the time, but you never hear of men being labelled sluts, do you?

'The man I'm with at the moment thinks it's wild that I take the initiative. He likes it sometimes if we play mistress and slave. I order him to lick me all over; face, tits, belly, pussy, buttocks – I always make sure I have an orgasm so that he can lap up my love juice – he adores it. It always gives him a raging hard-on, and he loves it when I run my nails over his cock and balls.

'Once his cock is really raging hard, I get him to rub me all over with baby-oil or body lotion, then massage me all over with his tool – just the feel of that big cock running over my body sends spasms through my body, and it also helps to stimulate him even more. Occasionally he gets so turned on, he spunks all over my back, adding to the slippery oil.

'Then I pull his big cock right into me, and we have a marvellous fuck – real bells and stars stuff. No demure lying back and thinking of England for me! ♣

POOL QUEUE

Photographs by Jean Pierre Bourgeois

Take one blazing Mediterranean sun, one lapping, glistening, secluded swimming pool and a couple of airbeds. Add three luscious lovelies, capable of bringing a tear to the eye of the stone statues in the shaded alcoves, and a dash of sweat which trickles down between the firm buttocks and the thrusting breasts. Remove any inhibitions, and mix thoroughly with lots of laughter, smiling and splashing. Lavish with loving care and attention as only Club International *can, under the lensmanship of Jean Pierre Bourgeois, and the result is a photographic essay worthy of a place among the many masterpieces we have been privileged to bring you over the years.* ♣
